# TEAM TE MANIA ONLINE COMMERCIAL FEMALE SALE

**11AM FRIDAY MARCH 6, 2026 – LIVE ON AUCTIONSPLUS.COM.AU**

An unmissable opportunity to strengthen your herd with proven Te Mania Angus genetics.

The Team Te Mania Online Commercial Female Sale offers more than 1,000 females backed by decades of performance recording, bred to drive efficiency, fertility and profitability in commercial herds.

Since 1995, Team Te Mania, powered by Te Mania Angus, has been at the forefront of performance-based genetics and setting the standard in collaborative breeding. Delivering cattle that meet the demands of modern beef production and built on integrity and innovation, our program ensures long-term productivity and market flexibility.

Final catalogue available prior to sale at

## THE POWER OF PROVEN FEMALES

Team Te Mania genetics have significantly increased female fertility, allowing us to bring our calving period forward, and increase kilograms of beef turned off per hectare.

Cow pregnancy rates are consistently 93% in 2 cycles, while heifer pregnancy rates average 85% in 2 cycles.

These results allow us to sell all cows at 5½ years of age, creating an excellent opportunity for buyers chasing proven, productive females. For us, it enables rapid generational turnover and accelerates genetic gain.

Our steers are sought after for their growth and marbling ability, supplying the high-end beef market, while females offered through the annual Team Te Mania Female Sale are well suited to high marbling Angus and Wagyu F1 breeding programs.
