Sons of Garth were highly sought after in our autumn and spring sales of 2017. In all we offered 67 sons who sold for a combined average of \$11,716. This ET conceived son of Garth presents with good frame and body length and is well suited for use over heifers. The dam ran through our donor program in 2015 and again in 2017. Strong maternal breeding with the past four generations on the dams side contributing 128 progeny to our herd. Flush brother to lots 7 and 13.

Stylish and presents with good natural thickness and body length plus a placid temperament. Maternal longevity on the dams side of this pedigree with the dam still active within our stud herd, as a rising 10 year old cow. A point to note is that the past three generations on both sides of this bulls pedigree are solely Te Mania blood and all have blended well. Small amount of white in the groin area of this bull.

Te Mania Garth VTMG67 is a versatile and powerful sire with outstanding EBVs across the board. He has mod-large frame and excellent structure, is free moving with an exceptional temperament. Progeny tested widely through Team Te Mania, Garth is ideal for heifer joinings with high accuracy low birth weight, short gestation length EBVs and high fertility. His high marbling EBV contributes to his ranking in the top 1% or 2% of the breed for all the Indexes. A son of Te Mania Africa A217, Garth's pedigree also includes some of the greatest female lines of the Te Mania Angus herd including Te Mania Beeac W112 and Te Mania Jedda Y32. In our two bull sales in 2017, Garth sons were in high demand, with 67 sons selling for an average of \$11,740.

Te Mania Berkley B1 is a striking, well balanced sire with natural thickness and good length of body who breeds true to type. Berkley's exceptional EBVs combine high growth with calving ease and excellent carcase quality. He is a trait leader five times, for calving ease, gestation length, days to calving and IMF. Berkley is the sire of Te Mania Emperor E343 who sold at auction in 2011 for \$91,000. He has progeny tested in 165 herds and has semen sales to Europe, the UK, Ireland and the US. He is registered with the American Angus Association.

Strong and powerful with good butt shape and softness on display in this slick skinned son of Te Mania Flame. The dam of this sire ran through our donor program in 2013, 2015 and 2017. She has contributed 54 progeny to our herd and as a rising nine year old cow remains active within the stud herd, we have sold her sons to a high of \$18,000. She is also the dam of Te Mania Katoomba VTMK354.

We purchased an interest in the sire of Flame from New Zealand as an outcross option. Flame himself is a well framed bull with heaps of capacity, butt shape and body length together with a placid temperament. Many of these attributes he has passed onto his sons. Flame is a trait leader for gestation length, 400 day weight, days to calving and carcase weight, with outstanding \$Index Values. He has been heavily progeny tested through Te Mania Angus and Team Te Mania herds.

Te Mania Forgo VTMF893 is an ET conceived son out of one of our top donor cows, Te Mania Dandloo C404. C404 has been through the donor mob in 2010, 2012 and 2014. This sire has been heavily used and progeny tested through Te Mania Angus and Team Te Mania herds. Forgo is a stylish, balanced sire who has good body length. His progeny are moderately framed with good natural thickness and easy doing ability and very soundly structured. He is a trait leader for calving ease (dtrs), gestation length, scrotal size, days to calving and IMF%. Tested red gene carrier.

Plenty of frame, body length and butt shape on display in this son of GAR Twinhearts. He presents with good softness and fine hair. He has been used heavily in our stud herd and also progeny tested through Team Te Mania. He is well suited for use over heifers and is a trait leader for calving ease (dir), birth weight, 400 and 600 day weight. He is in the top 1% of the breed for all four selection \$Indexes. In our 2017 Autumn bull sale we sold 15 sons for an average of \$10,067 and to a high of \$18,000 and in our Spring sale we sold five sons for an average of \$10,800 to a high of \$16,000.

Strong Te Mania breeding on both sides of this sires pedigree. He presents as a balanced son of Te Mania Berkley with good body length and softness. He has been heavily used within both the Te Mania herd and progeny tested through Team Te Mania herds. Jerome is well suited for use over heifers. In our recent autumn 2017 bull sale we sold 10 sons for a sire average of \$12,600.

In our March 2015 bull sale, our first offering of GAR Twinhearts 8418 sons sold to \$21,000. This very exciting, handsome outcross sire was bred by Gardiners Angus Ranch, Kansas. He has \$Index values topping Australian Group Breedplan, with a good combination of calving ease, high growth, fertility and carcase qualities. We are one of the only herds in Australia where you can purchase one of his sons.

TE MANIA ANGUS FAST FACT

**In 2018  
 Te Mania Angus  
 celebrates the  
 90th birthday of the  
 bloodline**

### BREED AVERAGE EBVS FOR 2016 BORN CALVES

## DON'T LEAVE IT TO CHANCE.

Start by vaccinating your heifers with Pestigard®  
- the only vaccine available to protect your cattle  
against reproductive losses due to pestivirus.

**360°**  
OPTIMISING  
HEIFER HEALTH

Pestigard is just one of the  
many Zoetis products available  
to optimise the reproductive  
success of your heifers
